PROJECTS

UI/UX Projects

Discover a collection of my UI/UX projects on Behance and embark on a visual journey of creativity and innovation! 🧠🌟

BELMOND HOTEL WEBSITE

This website serves as the frontend interface for a hotel, meticulously crafted using HTML, Tailwind CSS, and JavaScript, with animations powered by sophisticated platforms like GSAP. The aim is to offer a seamless and visually captivating experience to users, presenting all essential information about the hotel with professionalism and elegance. Explore the website , and immerse yourself in the world of hospitality excellence! Code for the project is available on [GitHub](#).
